NOT AS REPRESENTED.

Attack on Patent Medicines as Cures for Tuberculosis. Baltimore, Md., February 3.-Patent medicines advertised as cures for tuberculosis were the target against which a sharp attack was aimed to-night by Dr. Lyman F. Kebler, of the United States Department of Agricul-ture, in an address before the Health Conference, now in progress under the auspices of the Medical and Chirurgi-

cal Faculty of Maryland. Dr. Kebler alleged that many of the patent medicines advertised as marvelous cures for the white plague are not as represented, and that in nearly every instance they are absolutely worthless, dangerous even, as they contain opium and other injurious drugs.

Dr. Kebler characterized the manufacturer of such preparations as a rob-ber of the unfortunate; declared the newspapers to a great extent blameworthy in the matter, since if they would refuse publication to such advertisements, ignorant women would not buy the nostrums.
